

## Travel conditions during rush hours in the Atalante / Beaulieu sector

Rennes Métropole wishes to identify new levers of action to reduce traffic jams during the morning rush hour in the Atalante / Beaulieu sector.

Take part in the survey!

This will allow us to understand and know your travel habits and your time constraints. This survey, conducted by the Rennes Métropole Times Office, is based on a research program in partnership with the Ville Mobilité Transport Laboratory.

Objective :

Improve your daily life by reducing the arduousness of your home-work journeys.

**This questionnaire concerns you, whatever your travel habits. It won't take you more than 15 minutes.**

**You can click on "finish later" at any time to interrupt the questionnaire by saving your answers.**

Thank you in advance for your participation !

The information collected is subject to computer processing carried out by the Time Bureau and the City Mobility Transport Laboratory.

In accordance with the "information technology and freedoms" law of January 6, 1978 amended in 2004, you have the right to access and rectify information that concerns you, which you can exercise by contacting the IT and freedom correspondent of Rennes Métropole (dpo@rennesmetropole.fr - 4 avenue Henri Fréville, CS 93111, 35031 Rennes Cedex).

You can also, for legitimate reasons, object to the processing of data concerning you.

There are 83 questions in this questionnaire.
